

# HOW TO SET UP CHROMECAST

## Chromecast from a smartphone or tablet

- Connect to WIFI “Velotel Guest”
- Press “Source” on the remote control of the TV set
- Select “HDMI
- Scan the QR code that appears on the TV with your tablet or mobile phone.

## Chromecast from a computer

- Connect to WIFI “Velotel Guest”
- In your browser, type <https://passcast.net>
- On your computer, type the 6-digit code that appears on your TV .
- Click on the three dots (on the right side of the web page) and click “Broadcast.”
- A window will open with the room number.
- Click on “Stop Broadcast.”
- Click “Available” so that it reconnects to the Chromecast.

*\*This action must be done quickly or the “Stop Streaming” button will reconnect. Once reconnected to the Chromecast, your computer screen will be projected onto the TV.*
